Acknowledgements	11
List of Tables	13
List of Figures	15
Introduction	19
Chapter One	
Casual speech and examples of casual speech processes	21
1.1. Overview of Chapter One	21
1.2. Normal speech	21
1.3. Examples of processes of casual speech	28
1.3.1. Brown (1977)	29
1.3.2. Lodge (1984)	31
1.3.3. Kerswill (1987)	32
1.3.4. Shockey (2003)	33
1.3.5. Cruttenden (2008)	35
1.3.6. Processes in American English	36
1.4. Summary of Chapter One	38
Chapter Two	
Correlates of casual speech processes	39
2.1. Overview of Chapter Two	39
2.2. Correlates of vowel reduction	39
2.3. Correlates of consonantal reduction	44
2.3.1. /t, d/ deletion	45
2.3.2. h-dropping	50
2.3.3. Palatalization	51
2.3.4. Assimilation	52
2.4. Summary of the chapter	54
Chapter Three	
Potential and realized processes of casual speech	59
3.1. Overview of Chapter Three	59

3.2. Method	59
3.2.1. The rationale behind the study	59
3.2.2. The corpus	61
3.2.3. The processes	65
3.2.4. Analysis	71
3.3. The number of potential casual speech processes actually realized	79
3.4. What does interspeaker variability tell us about casual speech?	87
3.4.1. Results for yod coalescence	88
3.4.2. Results for /h/ deletion	89
3.4.3. Results for /t, d/ deletion across words	90
3.4.4. Results for /t, d/ deletion within words	91
3.4.5. Results for assimilation across words	92
3.4.6. Results for assimilation within words	93
3.4.7. Results for epenthesis	94
3.4.8. Summary of results for interspeaker variability	95
3.5. Summary of novel findings	96

Chapter Four

Regression modeling of casual speech processes	97
4.1. Overview of Chapter Four	97
4.2. Hypotheses	97
4.3. Method	98
4.3.1. The model	98
4.3.2. The independent variable (fixed effect)	103
4.3.3. The dependent variables (coefficients)	103
4.4. Modelling processes of connected speech	110
4.4.1. The model for yod coalescence	111
4.4.2. The model for /h/ deletion	116
4.4.3. The model for /t, d/ deletion across words	117
4.4.4. The model for /t/ deletion within words	122
4.4.5. The model for /d/ deletion within words	125
4.4.6. The model for assimilation across words	127
4.4.7. The model for assimilation within words	131
4.4.8. The model for epenthesis	132
4.5. Summary of novel findings	134

Chapter Five

Patterns of consonants in casual speech	137
5.1. Overview of Chapter Five	137
5.2. Discussion of the quantification study	137
5.3. Discussion of modelling	140
5.4. Conclusions	142
5.5. Implications for further research	144
